How Can **EMIS be Designed** and **Implemented** in Ways That Make Them **Useful?**

EdTech Hub

Clear evidence, better decisions, more learning.

Why this matters ?

Education management information systems (EMIS) integrate fragmented processes and functions into linked data that is meaningful in planning and policymaking.

The systems can be useful, however, there is still a way to go in integrating EMIS into decision-making. Read EdTech Hub's learning brief to explore insights.
